

Email your own brilliant balloons to the museum at: outreach@armyflying.com.

All the brilliant balloons will go on display when the museum reopens.

Brilliant Balloons!

Colour in or decorate and create your own balloon inspired by the Royal Engineer Balloon section of the Army. Soldiers would pilot hydrogen filled balloons up in the air which would be tied to the ground. They would use the balloons to spot what the enemy was doing on the battlefield over 150 years ago.
