

Wallop Wheels & Wings Trader Terms and Conditions 2026

Welcome to Wallop Wheels and Wings. We hope you will find all the information you need for the event below, please do get in touch if you need any information that we have not covered. We are here to help: corporate@armyflying.com

Event Terms & Conditions

Strict compliance with the information below is a condition of the contract of the hire of pitch space at the Event. It is essential that all Traders co-operate and play their part in ensuring that the Event is profitable, enjoyable and safe for everyone.

1. Occupation of Trade Space.

The Trader may enter the Event premises for the purpose of erecting and preparing their stand from 0645 onwards on 11 July. Traders must be in position **by 0900** to deconflict with other activities. The event is officially open for trading from 0930-1630. Stands can begin to close up at 1600, but **no vehicle movement is permitted until 1630**. Traders must set up, close down, load and unload strictly within the above timelines. Parking is available behind or adjacent to the Trader pitch.

Stands are non-transferable and the Museum only provides trade space. Traders must provide their own gazebo, table and chairs. **The event is held on grass and all gazebos must be pegged down and correctly weighted.**

2. General Conditions

Set up instructions will be issued to Traders at least 10 days prior to the event and we ask that those instructions are strictly adhered to.

The Museum will be responsible at all times for the control of the Event.

The Museum regrets that refunds cannot be given for bookings cancelled by Traders, however under exceptional circumstances, pitches can be transferred to alternative Museum events, subject to availability.

3. Trader Conduct.

The Trader is responsible to the Museum for ensuring that its stand is maintained in a clean and orderly state during the open period of the Event. The Trader (and each of its representatives, as appropriate) shall not:

- operate games of chance or lottery devices without prior written consent from the Museum;
- sell illegal, counterfeit or inappropriate goods
- use “live” microphones or loudspeaker equipment in any space without prior consent from the Museum;
- sublet or assign any pitch space allocated without prior consent from the organiser
- display or advertise goods or services other than those manufactured or carried out by the Trader in the normal course of business.

4. Dangerous Materials and Exhibits.

The Trader must conform to the regulations and conditions concerning explosives and dangerous materials, combustible or otherwise, as laid down by local authorities and other statutory bodies. Any materials or exhibits not approved by these authorities or the Museum must be removed from the premises.

5. Fire Precautions.

All flammable materials shall be effectively fireproofed or otherwise processed against fire in accordance with any statutory or local regulations or requirements to which the Event may be subject. All electrical wiring and cables must be clear of the floor. No packing materials or empty boxes must be stored on or behind stands. Fire Points and Emergency routes must be kept clear at all times. The Trader must adhere to all fire and safety regulations which affect the Event.

6. Photography/Video/Recording.

The Trader agrees that the Museum may record, broadcast or take photographs or video of the Trader’s Event stand and personnel as part of the recording or broadcasting of the Event in general and the Trader authorises such for any promotional use by the Museum.

7. Security.

Wristbands allocated to Traders must be worn at all times, be visible and presented on demand.

8. Health & Safety.

All personnel entering the event premises must comply with all current health and safety legislation. Health & Safety officials will inspect the site during the event. **The event is held on grass, so all gazebos must be pegged down immediately on arrival and correctly weighted.**

Any activity deemed unsafe will be stopped by the Museum or Security team. Any certificates should be available on request by the Museum.

Traders may be inspected by Environmental Health, Trading Standards, or any other professional body.

Traders offering food samples will need to send a copy of their food hygiene certificate to the Museum before the Event and provide for inspection on the day of the event.

Please ensure you do not let items fly off your stand and do not drop litter. The Event is taking place on a live airfield and such items may cause accidents.

9. Insurance.

Traders are responsible for the insurance of their own property and must have current public liability insurance at the time of the event. Trader's must give details of their insurance cover as part of the booking procedure.

Traders shall not hold the Museum responsible for any injury, loss, liability, damage, theft or destruction of any exhibit, goods, property or equipment.

10. Postponement or Abandonment.

The Trader shall have no claim against the Museum in respect of any loss or damage consequential upon the prevention, postponement or abandonment of the Event.

The Museum may at their entire discretion, repay the rental paid by the Trader but shall be under no liability to the Trader in respect of any actions, claims losses (including consequential losses) costs or expenses whatsoever, which may be brought against or suffered or incurred by the Trader as the result of the happening of any such events. If in the opinion of the Organiser, re-arrangement or postponement of the period of the Event, or by any other reasonable manner the Event can be carried through, the contract for pitch space shall be binding upon the parties, except as to size and position of stands, as to which any modifications, substitutions or re-arrangement they consider necessary shall be determined by the Museum.
